Profile

An enthusiastic and curious software engineer with a Bachelor's degree in Computer Science and over 4+ years of experience (i.e. 1+ during B.S.C.S and 3+ years after undergraduate), building software-based solutions for clients and service-based/product-based companies, which involve quick learning of emerging and legacy technologies, precisely understand current systems, taking thoughtful decisions and by that producing quality results in critical timelines. Till now, only worked on closed-sourced projects now, started contributing to OSS

Education

BACHELOR IN COMPUTER SCIENCE (BSCS) 2014 - 2017
Bronze Medalist (3rd Position)

University Of Karachi - Karachi, Pakistan
U.O.K Merit Scholarship Holder

Experience

SR. SOFTWARE DEVELOPMENT ENGINEER Sep.2020 - Present
 SECURITI.AI (FOUNDRI PVT. LTD.) - KARACHI, PAKISTAN

- Operating as a senior product development engineer, primarily working on the premier product of the company called Securiti.ai. (f.k.a privaci.ai). As the development team follows a module-based approach so, I mainly focus on Data Map/Data Catalog Module thus, principally working on the front-end using Vue.js and vuexify but also ingressing into the back-end which mostly consists of go-lang and beego framework

SOFTWARE ENGINEER Aug.2019 - Sep.2020
 FOLIO3 PVT. LTD. - KARACHI, PAKISTAN

- Working as a Technical Consultant (full-stack engineer) for Oracle Netsuite ERP, providing technical support, automate tasks and processes (ERP functions), perform trouble-shooting and resolve customer issues
- Alongside automation, develop a product Human Resource Module (HRM) for NetSuite, that uses React.js as frontend and for backend APIs, we use NetSuite core modules

SOFTWARE ENGINEER I & II Mar.2018 - Aug.2019
 SCAYLE PVT. LTD. - KARACHI, PAKISTAN

- Working as a full-stack developer for U.S. based clients on School Management System and Bioinformatics Research related products
- Managed end-to-end service deployment on cloud-based solution
- Evaluate business needs and deliver feature development estimates
- Successfully delivered new features for maintenance projects, prototypes for potential projects within the estimated time

WEB DEVELOPER Oct.2017 - Dec.2017
 REMATCH STUDIOS (ADAMJEE TECH VENTURE) - KARACHI, PAKISTAN

- Create a website and social platform base for a game development studio, used WordPress as CMS for their one pager and blog

CUSTOMER RELATIONSHIP MANAGER Dec.2015 - Mar.2016
 AASHMAN TRADE AND LOGISTICS - KARACHI, PAKISTAN

- To look after any/all freight and other business affairs along with firm's website and portals, to generate sale and business through aggressive marketing and sale strategies independently to achieve or exceed assigned targets by the management of the Company

SALES AND MARKETING EXECUTIVE Dec.2014 - Mar.2016
 SEA LICENSING - KARACHI, PAKISTAN

- To manage agency's website and offer consulting, crew licensing, ship registration and other professional services to the seafarers within the international maritime rules & regulations
